

Garmin Pay™ Frequently Asked Questions

What is Garmin Pay?

Garmin Pay is a contactless payment solution designed for people who are always on the move. Whether you grab a cup of coffee after your morning run or get a bite to eat while out on a ride, Garmin Pay™ lets you make purchases quickly and almost effortlessly with nothing needed but your watch.

Is Garmin Pay free?

Capital Bank does not charge to use Garmin Pay. However, be aware that charges from your mobile carrier may apply depending on your data plan.

Are my payments secure with Garmin Pay?

Yes, when using Garmin Pay, your Debit Mastercard number is not stored on your watch or given to the merchant. Garmin takes the security of your payment information seriously. That's why Garmin Pay protects you by using watch-specific card numbers and transaction codes every time you make a purchase. And your card number is not stored on your device or passed to merchants when you pay.

Where can I use Garmin Pay?

You can use Garmin Pay at any contactless payment terminal that accepts Garmin Pay.

How do I add my Capital Bank Debit Mastercard to Garmin Pay?

1. From the Garmin Connect app, select Menu symbol or Menu symbol.
2. Select Garmin Pay > Menu symbol > Add Card.
3. Follow the on-screen instructions.
4. After the card is added, you can select the card on your watch when you make a payment.

Where can I learn more about Garmin Pay?
